

She has arrived

CAROLINA GIRL SAILS INTO CHARLESTON HARBOR

PROVIDED

The Carolina Girl is Charleston's only special events boat of its size, accommodating up to 150 guests. Charleston has needed a yacht like the Carolina Girl for more than 30 years, and she has finally arrived. We distinguish ourselves by only hosting special events; no tours. Therefore, the yacht is always in mint condition.

Boats only relying on group events usually can't make it in Charleston year-round. They travel south in the winter. However, we are permanently docked in Charleston all year to ensure that our clients can view - and rent - the yacht at their convenience.

The Carolina Girl has become the fastest growing and most popular water venue in Charleston because there is nothing else like her in the area. If you want

a luxurious, unique, waterfront venue, we are it! Our staff provides in-house coordination services to help you with the details of your event from start to finish, including day-of planning. We allow you to customize your event by bringing in your own vendors, including caterers. Events on board include corporate groups, weddings, rehearsal dinners, family reunions, birthdays and anniversaries. We offer a luxurious venue at a reasonable value.

Much of the success of the Carolina Girl is due to an operator/owner business model. Captain Bob has been involved in the water venue business for over 30 years. He will be the first to tell you that, somewhere along the way, he has made every mistake possible. He attributes his success to surrounding himself with great talent and good moral fiber. Most people that have been hired by Captain Bob will tell you they work with him, not for him.

This season begins with a

final, major renovation to the yacht: a beautiful, custom-built top to allow guests to enjoy the upper deck under all weather and heat conditions. Regardless of the climate, clients are now able to make use of our "concert stage" sound system on the upper deck, with its own mixing board being operated by our music coordinator.

Giving back, says Captain Bob, is essential to becoming successful. The Carolina Girl has hosted a wide variety of charitable events and groups including Darkness to Light, the American Heart Association, the Charleston Stage gala, Cancer Awareness and his most favorite, The Epworth Children's Home in Columbia when the Carolina Girl hosted more than 100 children for a trip around Charleston Harbor. As you board the Carolina Girl, the quotation written on a plaque at the entrance to the main deck says it all: "On loan from God, and happy to be sailing on her. -Captain Bob"

Captain Bob at the helm of The Carolina Girl.
