

Wedding events rock on the Carolina Girl

PHOTO PROVIDED

The Carolina Girl has been the site of wedding ceremonies, receptions and rehearsal dinners for nearly four years.

The Carolina Girl graced Charleston Harbor with her presence nearly four years ago and has been a favorite among brides ever since.

She is a 150 passenger, 100 foot special events yacht offering high-end amenities and top notch service.

Ceremonies, receptions and rehearsal dinners are held on board this truly unique venue.

The historic Battery and Intracoastal Waterway provide scenic backdrops as guests cruise Charleston Harbor.

There are two interior levels equipped with air conditioning and heating and a partially covered open deck offering an open air view of the harbor.

The Carolina Girl offers clients the ability to customize their event by choosing their own vendors including caterers.

The in-house coordination service ensures recommendations of reputable vendors and smooth executions of each event by providing an

event director the day of the event.

Equipped with a \$50,000 sound system, the yacht has the capability to play music on all three levels.

The in-house music coordinator operates a theater sound system on the upper deck providing music for ceremonies and dancing.

"You are giving your guests a gift by renting out a 100 foot private yacht and allowing them to see Charleston from the water," said captain Bob Murray, owner/operator.

The Carolina Girl is Charleston's only exclusive special events yacht of its size.

In addition to weddings, Captain Bob gives back to the community by hosting non-profit fundraisers, donating the boat to auctions and inviting the Epworth Children's Home on board.

For a private viewing of the Carolina Girl and to discuss your wedding in more detail, please contact Camille Berge at 843-818-2495.
